

Asset Management BC

**Local Government Asset Management Working Group
of British Columbia**

VISION STATEMENT

**Enhancing the wellbeing of British Columbia
communities through leadership in asset management.**

MISSION STATEMENT

**To provide leadership and support for the management of
community infrastructure assets.**

Asset Management BC is the greater community of any person, organization or agency engaged in or has an interest in asset management. The 'community' is supported by the Local Government Asset Management Working Group (LGAMWG) which is a group of Associations, local governments and first nations representatives brought together to recognize and integrate the political, administrative, technical, operational, financial and planning aspects of asset management.
